

Statement of Product Compliance regarding RoHS3 Directive.

Part number: TN15-0174-C06-1

Description: TNC Crimp Plug, Nickel Plated, RG174, LBC100, RG316

Date: 23rd January 2020

Compliance

Gigatronix has completed a comprehensive evaluation of its product range to ensure compliance with RoHS 3 Directive (EU 2015/863) regarding maximum concentration values for substances. As a result all products are manufactured using raw materials that do not contain any of the restricted substances referred to in RoHS 3 Directive (EU 2015/863) at concentration levels in excess of those permitted under the RoHS 3 Directive (EU 2015/863), or up to levels allowed in excess of these concentrations by the Annex to the RoHS 3 Directive (EU 2015/863).

Non Compliant Products

Gigatronix may produce non compliant products either in response to specific customer requests or market demand. Where these products are then made generally available they will be appropriately identified at the point of sale as non compliant with RoHS 3 Directive (EU 2015/863).

Third party products specified or free issued by customers shall not be covered by this statement of compliance and the obligation to ensure compliance will remain with the customer.

Due Diligence

Gigatronix will make every appropriate effort to ensure compliance regarding maximum concentration values for substances as defined in RoHS 3 Directive (EU 2015/863). However, companies that manufacture Electrical or Electronic Equipment are obliged to ensure compliance with RoHS 3 Directive (EU 2015/863) and must bear the responsibility of ensuring that their obligations regarding the appropriate laws and legislation are observed.

Gigatronix makes no warranties, expressed or implied and assumes no third party liability in connection with any use of the information in its statements of compliance.
